

*A brand new book by Janet Boyanton
from Shafer Publishing, Copyright: May 2011*

"Alone and Alive is Janet Boyanton, Esq.'s practical guide for dealing with the death of your husband. The common refrain that you will read begins, "Wait at least a year before [insert next piece of advice]."

The book is simple, straightforward and easy-to-understand. She heightens the awareness of the friends and acquaintances who will make the process harder than it should be.

The 'Decision Making Worksheets' at the end of the book cause you to focus on things that you may not have considered. If you have experienced recent death of a parent, then this book may provide the impetus to get your own affairs in order."

Ralph J. Turner, MD FACOG

*Assistant Professor of Surgery University of
Texas Health Science Center at Tyler*

"Every woman, married, single or widowed should read this book, and most men should too. It tells you how to prepare for and deal with the many decisions encountered and following a death"

Pat Carpenter

Widowed twice
